Assets

For over two decades, Phoenix has been helping clients explore, travel, and defend the earth's oceans and waterways safely. Our experienced and highly skilled engineers, divers, project managers, and various support personnel work seamlessly together to provide our commercial and government clients with quality and innovative solutions for their underwater needs. Assets include:

- Commercial & Military Air, Mixed Gas, and Nitrox Divers
- Atmospheric Diving Systems (ADSs)
- Autonomous Underwater Vehicle (AUV)
- Diver Tooling
- Remotely Operated Vehicles (ROVs)
- Towable Diving Systems (TDSs)
- Towed Underwater Systems

Partner Network & Support Facilities

In addition to our 8 U.S. office locations, Phoenix diving teams have rapid response capabilities to any port across the globe. Additionally, we have partner network and support facilities in the following locations:

Cape Town, South Africa | Cartagena, Columbia | Curacao |
Manama, Kingdom of Bahrain | Panama Canal |
Rotterdam, The Netherlands | Valparaiso, Chile
